

# Pleasanton Youth Basketball Program

## General Information and Philosophy

The Pleasanton Youth Basketball (PYB) League is open to boys and girls enrolled in grades 1-12 (Fall 2011). The program has both boys and girls leagues, which play games on Saturdays (various times) in the City of Pleasanton/School gyms. Boys and Girls Divisions will be separate. Some grade levels will be combined if needed. PYB is a recreational league that allows children of all skill levels to

enjoy the exciting game of basketball and also learn what it means to be a part of a team. In the 3rd grade division and up, player placement is based on evaluations (gathered this year for new players and the previous year for returning players). In league games, all playing time is divided equally among all players present at a particular game.

If you have a special request to play with a friend, please indicate their first and last name on the special request portion of the registration form. Only one request per form is allowed, this includes parents who are volunteering to coach. City staff will make every attempt possible to honor requests that are appropriate, but there are no guarantees. Please note: a player requesting a coach is not allowed.

For the 2011 season, we are doing something different with evaluations. Because we had staff and coaches do evaluations during the season last year, players only need to attend evaluations if they are: 1) A 3rd grade boy or girl, even if they played last season 2) New to the program and are in 4th grade and up. See the time-line for specific date and times.
